Timeline

UC Health operates on a fiscal year from July 1 through June 30. To ensure your opportunity is considered for the July 1, 2019-June 30, 2020 budgeting cycle, **requests should be submitted by February 1, 2019.**

Funding requests outside of this time frame will be reviewed by the UC Health Sponsorship Committee; however, it will be difficult to fund requests outside of the budget process. All organizations will receive a decision regarding their request by May 2019.

Submission Process

Sponsorship requests must be submitted at www.uchealth.com/sponsorships. Due to the high volume of requests received, telephone or individual email requests will not be accepted.

UC Health, a certified non-profit entity, receives far more requests for funding and operational support from worthy organizations than what can be supported through finite resources. Our inability to respond positively to any given request for financial support should not necessarily be interpreted as a judgement for or against the mission or purpose of the submitting entity or corresponding project or program.
